

Orlando FSDO FAA Safety Team presents:

KLAL Lakeland Linder Airport Annual Runway Safety Action Team Meeting

Runway Safety Action Teams (RSATs) bring local airport stakeholders together at least once a year to identify risks to surface safety at that airport and develop plans to mitigate or eliminate those risks. RSATs provide the foundation of the Runway Safety Program at individual airports. The RSAT meetings are the primary forum for pinpointing and addressing airport-specific risk in the surface environment. The product of a RSAT meeting is a Runway Safety Action Plan (RSAP) in which the stakeholders document and agree to pursue specific actions intended to improve surface safety.

Directions: Main terminal building along Drane Field Road on the north side of the airport. From I-4, use Exit 25 and turn left on Drane Field Road; just past the hotels you will see the entrance to the Terminal (blue roof) on the left. Free parking may be available.
